Coleman	9	6	3	37	22	667
Lethbridge	9	6	3	52	39	667
Taber	8	3	5	26	41	375
Macleod	9	3	6	37	51	333
Pincher	9	2	7	30	58	222

Taber Defeated 2 to 4

Taber hockey team was well entertained at Blairmore on Saturday evening last, much to the disappointment of Lethbridge hockey officials.

The game, which was played under rather unfavorable conditions as far as the local team was concerned, was one of the best of the season and perhaps the best. Taber called forth the very best efforts of the locals, who were yet suffering somewhat from the rough, unsportsmanlike handling received at Lethbridge, but the locals were equal to the occasion, and in spite of the fact that Taber scored easily two goals in the first two minutes of the game, they were not given a look-in for the balance and Blairmore came out victors to the tune of 4 to 2. Clean play was witnessed throughout and not a fan present heard a remark unbecoming a sportsman. The ice was in good condition, having hardened up since the night previous. The Taber team were in the pink of condition and were prepared to play the game rather than fight it.

The Taber boys were pleased to see that Blairmore did not require police at the rink and that a machine gun was not mounted at the gate, and that Blairmore people ascertained before entering the rink if there were any visiting rooters from Taber or other parts of the prairie to be accommodated comfortably.

During the game W. Turner, of the Blairmore defence, made one of the most remarkable dashes of the season, going clean through Taber to the Taber net. Barbour with his spliced knee surprised everybody by playing his best game for the season. He scored two of the Blairmore goals in quick succession. Tony was also "there" and did record work, landing a goal to his credit through the indomitable Taber defence. Goddard, Charlie Graham, Elwin and Scott all put up a good game. Barbour occupied Gibraltar and seemed to be always in the way of the puck when a good shot was made. The game was refereed by Kelly—on skates!

Following the game, which was witnessed by about six hundred fans, the boys of both teams, together with their lady friends, were entertained at dinner at the palatial home of Mr. and Mrs. Raoul Green, and the Taber boys left for home on the evening train amid the cheers of a crowd gathered at the depot to bid the best sports that ever visited Blairmore farewell and an invitation to return again.

It must also be said that a deputation of citizens were at the depot to welcome the boys on their arrival. Bats and guns were not commissioned and the visitors were not told to go back where they came from without being properly received and entertained by the civilized people of this part of the map.

Taber was to have appeared here on Friday night, but as the ice was soft all day Friday, word was sent to Taber asking that they postpone the game till later. Blazed Lethbridge element of the

league executive, however, felt that a golden opportunity awaited them to defeat or put over the best team of the league (Blairmore) and ordered that the Taber team play at Blairmore on Saturday night or Blairmore should lose by default. Being advised of ice conditions, Lethbridge felt that a portion of the Blairmore team was still out of commission from the effects of the game at Lethbridge and could easily be beaten. To further ensure their success, they arranged for an executive meeting to be held in Macleod on Saturday afternoon and invited Blairmore's star goalkeeper, Rhynas to attend that meeting. It's once that Rhynas was not there, and Long had to scratch his noodle on finding that Chappell appeared instead at that league meeting, while Rhynas was on deck at Blairmore to see that the prairie swelling seas did not sweep over the champions. Lethbridge went so far towards "putting it over Blairmore" as to offer to pay for autos to bring the Taber team to Blairmore on Friday night to play the game despite the fact that the ice was in the pink.

But evidently the Taber boys were wise and the scheme was frustrated.

### Blairmore School Report for January

**PRIMARY**  
School open 16 days, enrolment 40, aggregate days' attendance 602.5, average attendance 97.65, percentage 94.12.

### Towns Now Entitled To Boozing Fines

Hon. J. R. Boyle, attorney-general, has announced that the executive council of the provincial government has agreed to turn over to the treasury of municipalities all fines collected in local police courts for infractions of the Liquor Act, where prosecutions and convictions are obtained by the police of the municipality.

Heretofore liquor fines collected in police courts of towns and cities as a result of the activities of local police have been divided two-thirds to the province and one-third to the municipality, and there was no inducement for a town to take any steps towards the enforcement of the provincial Liquor Act.

The residence of a man named John Harnack, at Coleman, was searched by the A.P.P. last week for booze and a quantity of French brandy was discovered snugly nestled between the floor of an upstairs room and the ceiling of a lower floor room. Several bright new nails in a plank betrayed the whereabouts of the "secreted" booze. Harnack appeared before Magistrate Grosman and pleaded guilty and was fined \$200 and costs, this being his second offence inside of four days.

## Governments as Business Concerns

(Second Article)

In last week's article under the above heading attention was directed to the huge expenditures now being carried on by the Dominion Government in the ownership and management of a great railway system, with the largest mileage under one control in the world, and of an ocean-going mercantile marine consisting of scores of vessels plying to ports throughout the world. It is now proposed to outline some of the business enterprises in which Provincial Governments in Canada are engaged.

While some experiments in the management of undertakings which may be regarded as commercial had been made by Provincial Governments, it was not until the creation of the new Provinces in the Prairie West that anything remarkable and on a large scale was attempted. The new Provinces of Saskatchewan and Alberta had hardly been inaugurated, however, before a demand arose that the Governments should take over, operate and extend the telephone systems. This demand developed almost simultaneously in all three Prairie Provinces. With the exception of the exchanges in the larger cities, like Winnipeg and Calgary, the telephone systems were meagre, unimportant and with no great investment of money involved. In this respect the situation was entirely different from that prevailing in the older Provinces. At a comparatively small investment, therefore, it was possible for Western Governments to buy out the existing private companies and commence the work of creating and extending Government-owned and operated systems.

There were not lacking people who predicted disaster, but with the experience of older countries to guide them and possibly also because Western people are not quite so conservative and bound by tradition, there was a practically unanimous demand that a service which in its very nature had to be a monopoly, should be owned by the people themselves. The experiment was undertaken, and experience has demonstrated its wisdom. No part of Canada, and with the possible exception of some parts of the United States, no country in the world enjoys a more extended or successful telephone service, nor a cheaper service, than the people of the three Canadian Prairie Provinces.

In Manitoba and Alberta the service is wholly Government-owned and operated, but in Saskatchewan the Government owns and operates all the exchanges and long distance lines, while the rural party lines are owned by co-operative companies of the people directly concerned, assisted by the Government, and connected with the Government lines and as an integral part of the whole Provincial system. Some people hold the view that the Manitoba and Alberta plan is best; others favor the Saskatchewan plan. Both are giving almost complete satisfaction in their respective Provinces, and it is an acknowledged fact that under the Saskatchewan plan the extension of rural lines has been more rapid, and the service equally as cheap and good as in the neighboring Provinces. No one would even suggest a return to the old privately-owned systems which are still in vogue in other Provinces, especially as each of the three Government systems are linked together, and thus provide all the advantages of interprovincial service which one large company would afford.

In Ontario two large enterprises of a business nature have been undertaken, and both appear to be rendering splendid service to the public at reasonable rates and not causing financial embarrassment to the Government of that Province. First and foremost is the Hydro-Electric whereby the Provincial Government, working in conjunction with the municipalities, develops electric energy at Niagara Falls, and from other water powers, and transmits it throughout the Province, the various municipalities buying the energy in bulk and distributing it to users within their respective municipalities. The development and extension of the Hydro system in Ontario is working an industrial revolution in that Province.

Ontario's second business undertaking is the Government railway which taps the far northern mining and lumbering sections of the Province and brings them into direct communication with the manufacturing and agricultural sections and centres of population. This railway has been an important agency in the development of the rich mineral resources of Ontario, has aided in the settlement of many thousands of acres of land, and has added enormously to the wealth of the Province and Dominion.

There are other business aspects to the work of Provincial Governments, particularly in the Western Provinces, but, as they are not under direct Government ownership and operation, a consideration of these other matters will be deferred for a future article.

## No Open Door To Oil Fields

Mounted Police Will Guard Every Route to the North.

The only way to get into the north during the coming spring and summer, by any route, will be to qualify for, obtain and carry clearance papers from the Royal Canadian Mounted Police. There will be no such thing as booking passage without them, and there will be no open door into the oil country on any other terms.

No flying machine of any type will be permitted to leave for the Mackenzie territory without clearing the police or without each of its passengers being certified by a medical officer as physically and mentally fit to make the trip.

## Catching a Halibut.

The halibut feeds on the bottom of the sea, and when hooked permits itself to be drawn toward the top without very much protest. The struggle commences the instant its nose emerges from the water, and the possibility of a fight is anticipated by a hard blow on the head. This blow must be sure and hard, for if there is any compassion for the fish it is as good as gone, as any opportunity to struggle means its escape.

## The Choice Parts of Selected Grains give to Grape-Nuts

its health and body-building value

This wheat and malted barley food is so processed and baked that the nourishing qualities and pleasing flavor are fully brought out

Healthful-Satisfying—"There's a Reason"

## "HEALING IN EVERY TOUCH" Tam-Buk

In Burns, Scalds, Cold-Sores and all skin-diseases or injury you can depend upon Tam-Buk. It's really astonishing how swiftly and surely it banishes pain and soreness and cures your healthy skin.

Tam-Buk is a pure antiseptic having healing power of a very definite and important medicinal action on the skin. In its character and in its results it is altogether different from the usual ointments and salves. It cures you without blood-poison and skin-disease.

All Dealers 10c per box

Uroff Corma, of Catalonia, Spain, aged 3 years, who plays the piano with extraordinary skill, is the latest attraction at aristocratic tea parties in the Spanish capital.

The infant prodigy is placed by his nurse on the piano-stool, whereupon he begins his performance without any trace of nervousness.

## Bad Breath IS CAUSED BY CATARRH

Canadians suffer more from catarrh than from any other disease. On this account Catarrh is dangerous and should be checked at the outset. It isn't necessary to take internal medicine to cure Catarrh. There is a far better method.

Doctors now treat Catarrh by sending a purifying vapor through the breathing organs. In this way the germs of Catarrh are destroyed.

The only successful vapor treatment is CATARRHOZONE, which the patient breathes through a special inhaler to the real seat of the trouble. The rich, piney essences of Catarrhozone heal and soothe all inflamed surfaces, purifying the throat, nose, throat and lungs with a powerful antiseptic that destroys irritation at once.

Catarrhozone brings into the system the balmy air of the pine forest. It relieves completely colds, coughs, catarrh, weak throat and bronchitis. Once tried, Catarrhozone is always used. Nothing so pleasant, so simple, so quick to relieve, so absolutely sure to permanently help. Accept no substitute. Large size lasts two months and costs \$1.00; small size 50c; sample trial size 25c; at all dealers.

## Strike Of Free Gold

Samples Of Ore Reach The Pas From Herb Lake.

A strike of free gold in the shaft at the Rex mine at Herb Lake, Man., at a depth of 245 feet, is reported. Samples of the ore show the gold sticking through generously.

The vein measures close to four feet in width, and there has been several smaller strikes made on the course of sinking, but nothing to compare with this latest discovery. The importance of this new find lies in the fact that it gives proof of gold enrichment at depth.

## WELL SATISFIED WITH BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Her use of them leads her to believe there is no other medicine to equal them for any of the many minor ailments of childhood. Concerning them Mrs. Eugene Bolvers, East Aldfield, Que., writes: "My baby was terribly constipated, but after the use of Baby's Own Tablets he is entirely well again. I am so well satisfied with the Tablets that I lose no opportunity in recommending them to other mothers." The Tablets are sold by all dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Profitable Business. In the swamps of Florida the hunting of "bee trees" is a profitable business. Record of wild honey deposits of more than 300 pounds in hollow trees has been noted. The trees are located by hunters who follow the flight of the bees. It requires keen eyesight and a compass.

On The Witness Stand. The gentleman says he kissed you in the dark hall because he thought you were his wife. "Nonsense." "On your oath, was it not possible for him to make an honest mistake?" "Yes, but it wasn't that sort of a kiss."—Judge.

Minard's Liniment For Diphtheria.

## Trip To The Moon

Rocket to Reach Moon to be Tried Out This Summer.

First trials of the rocket which it is hoped will reach the moon will be held early this summer, it is announced by Prof. Robert H. Goddard, of Clark University, the inventor.

The rocket will be designed so it will give off a flash when it strikes that will be seen from the earth.

The propelling force of the rocket will be smokeless powder. Prof. Goddard explained that to reach an altitude of 25 miles a rocket weighing 25 pounds will be necessary. Of the total weight about 17 pounds will be powder.

He calculates that with an initial mass charge weighing 6,436 pounds he could cause an explosion large enough to be seen from the earth through a telescope. This rocket would travel 6,000 or 7,000 feet a second.

State of Ohio, City of Toledo, Lucas County, I, Chas. J. Cheney make oath that he is a resident of said city, county and state, and that he is the author of the book entitled "HALL'S CATARRH MEDICINE."

Sworn to before me and subscribed in my presence, this 4th day of December, A. D. 1924.

(Seal) A. W. Clesner, Notary Public. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous membrane of the throat, nose, throat and lungs.

Druggists, 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Everybody Loses in War

World Needs a New Rule, Giving Life Instead of Bringing Death.

We have learned nothing from the last war if we deliberately enter upon a series of preparations for a new one. If such a course be necessary we have not a peace, but an armed truce. We stopped the Germans and Austrians from wrecking the world, and then found there was no way to make them either repair the war damage or pay the costs of the war. They were powerless to do so if they desired ever so ardently to make full reparation.

Therefore, there is no such thing as success in war. The glitter and gold of war has been found to be a mere gilding of the habillaments of death. The military machine of the military band lead only to the cemetery; the prancing war horse carries his rider to an unmarked grave; everybody loses.

What the world needs is a new rule giving life. Instead of the old rule, bringing death. Billions spent for armaments by Great Britain, the United States and Japan would mean another reign of suspicion and terror throughout all the nations.—From the Vancouver Sun.

## SHORT OF BREATH Could Hardly Walk Without Resting.

"When you go to a physician to be examined for any lung trouble one of the first questions he asks is: 'Are you short of breath?'"

Now, when the heart becomes affected there is a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering, oppression, dizziness and a weak, sinking, all-gone feeling of oppression and anxiety.

On the first of these symptoms, if you are not sure of the remedy you require, they regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mr. Stephen Crose, East Clifford, N.S., writes: "I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

Price \$1 a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Deceitful Appearance. She: "I saw you at the dancing yesterday with a gentleman. He appeared to have only one arm."

Her: "Oh, no; the other arm was around somewhere.—Carnegie Tech. Puppet."

GIN PILLS FOR THE KIDNEYS

## "Oral Hygiene." Lay Education Series "YOUR TEETH"

If the ordinary processes of nature were never interfered with, it would not be necessary to extract the temporary teeth. They would extract themselves at the proper time.

Normally the roots are absorbed as the time comes for the eruption of the permanent teeth and the crowns, or business end of the tooth is left hanging to the gum. Some day a little extra pressure removes the baby tooth and in its place there is the tip of the cup of the permanent tooth that follows. If this natural system was always followed, a great deal of trouble would be avoided. Unfortunately, many causes operate to interfere with nature's perfect plan.

If the permanent tooth does not come directly under the temporary tooth, the absorption of the root will be either incomplete or it will not absorb at all. Sometimes long fangs of the temporary tooth roots are left and when the crown comes off or an attempt is made to extract, these root pieces are left to wedge in the process between the permanent teeth. This condition always results in inflammation, sometimes causes serious abscesses, and often interferes with the effort of the permanent tooth to take its proper place in the arch.

Removal of the roots of temporary teeth should never be left in the mouth.

Temporary teeth that are abscesses should always be removed regardless of the age of the child. When these teeth are lost before the time for their permanent successor to take their place, a retaining appliance must be used to hold the space that the permanent tooth will not come in the wrong place. In nearly every case it is safe to give nitrous-oxide-oxygen as an anesthetic for children. Never allow a child to suffer any pain if you can avoid it. Either a local or a general anesthetic should always be given.

Each Cured In 30 Minutes. Well-to-do Society Ladies will cure in 30 minutes, scabies, or what is known as Itch, Mange, Pruritus, Scabies, Itch, Seven Year Itch, and all contagious skin diseases, by Druggists.

## Instructing the Farmers of To-Morrow

640 Students Enrolled in Alberta's Agricultural Schools.

Alberta is justly proud of its agricultural schools, at which this year there are six hundred and forty young men and women in attendance. The instruction given at these schools is free and includes subjects of practical value to future farmers, such as soil cultivation, crop growing, livestock raising, farm mechanics, dairying, poultry raising, and farm management, while the girls are taught cookery, sewing and home management.

The courses, which are given during the winter months, have proved very popular and to meet the growing demand for this kind of practical agricultural education, three new schools have been opened in different parts of the province this winter. The total cost of erection and equipment of them is said to have exceeded half a million dollars. In connection with each of these schools is a demonstration farm, occupying about six hundred and forty acres. In addition to the school buildings are large barns and stables, silos, granaries, power house and homes for the teaching staff.

## Lloyd George

A Living Example of the Success of the Man Who Leads the Simple Life.

Admiring marvellous capacity, which many other men, have admitting "honor," which is the equal possession of many other great statesmen, the peculiar strength of Lloyd George seems to be his absolute simplicity. His life has not been cluttered or blocked by any of those petty ideas of prerogative which fritter away time, cause annoyance, and waste energy and strength to no good purpose. Lloyd George is a living example of the success of the man in the most strenuous position who leads the simple life.—Whitney Tribune.

Co-operative Shipping. A campaign for the development of co-operative livestock shipping in the southern part of Saskatchewan will be opened by the Provincial Government.

St. Peter's Church, Rome, will accommodate 54,000 persons; Milan Cathedral 37,000 persons; St. Paul's Cathedral, London, 25,000 persons.

## "Here Comes The Bride!"

Everybody wishes her well! Happy and radiant she starts out on life's adventure.

She should have health to begin with. Good looks in woman do not depend upon age, but upon health. You never see a good-looking woman, who is weak, run-down, irritable, out of sorts, fidgety and nervous. Headaches, backaches and troubles of that sort are all destroyers of beauty. Men do not admire sickness. It is within the reach of every woman to be well, healthy and strong if she will take Dr. Pierce's Favorite Prescription.

Twenty-one years ago I was in a very poor state of health; my back ached dreadfully and I could scarcely drag myself around to do my housework. I started to take Dr. Pierce's Favorite Prescription for the great benefit I received. My back-ache and pain disappeared entirely and I was restored to perfect health. I know that Doctor Pierce's Favorite Prescription is the best woman's medicine, for I have tried others that were recommended, and nothing has ever helped me so much as the Favorite Prescription.—Mrs. KATHLEEN WILLIAMS, 13 Brookfield St., Toronto, Ont.

Send 10 cents to Doctor Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package of Favorite Prescription Tablets.

## Prairie Tree Planting.

In Manitoba there is, as a rule, sufficient natural shelter in the shape of bluffs of poplar, willow, etc., to which the cattle or sheep can go for protection against the cold winds, but on the open prairies in Saskatchewan, and particularly Southern Alberta, the natural shelter is seldom available.

Protection from the wind in the shape of efficient windbreaks of trees is all that is necessary to maintain livestock in a state of health and contentment.—Dr. J. G. Rutherford.

It's not difficult to judge some men by their clothes—policemen and letter-carriers, for example.

## MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name "California" on the package; then you are sure your child is having the best and most business-like laxative for its stomach, liver and bowels. Children love its fruit taste. Full directions on each bottle. You must say "California."

## "DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because it is free from dandruff and thickens. Don't let your hair stay lifeless, colorless, plain or scraggly. Dandruff and falling hair are stimulating "beauty-tonsics" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists.

W. N. U. 1254

## Rebellion Days, 1884-85

By G. O. MABES (Little Chief).

(Copyrighted)

The winter of 1884-5 was my first experience as a free trader. I had located with my family close to the forks of Stony Creek, now in the Melfort district. On account of high prices in Prince Albert, I had made a trip to Fort Qu'Appelle (some 250 miles) and purchased a small trading outfit from the Hudson's Bay Company at that point.

Some two miles to the south of my location was an H. B. C. wintering post, also two French half-breed traders, one of whom was the well-known Zartch Batchoe from whom that settlement is named. Being the first genuine white settler to locate here, some of the Indians were violently opposed to this intrusion on their hunting grounds, and on two occasions armed parties of them warned me off the premises.

Well, I remember my first interview with the Kinistin band. I was looking over a line of traps I had on the east fork of the creek. It was a cold raw evening early in December, I was somewhat bound and the well-known Zartch Batchoe from whom that settlement is named. Being the first genuine white settler to locate here, some of the Indians were violently opposed to this intrusion on their hunting grounds, and on two occasions armed parties of them warned me off the premises.

## For Vice-Royalty of Canada

Viscount Bunsen, the latest to be associated with the position of Governor-General of Canada. He is a newspaper proprietor and headed the delegation of journalists from Britain to the Dominion last year.

## Express Rates Boosted

Rates Increase Granted in Judgment Handed Down by Railway Commission.

Ottawa.—In a lengthy judgment covering some 27 typewritten pages, the Board of Railway Commissioners grants to Canadian express companies, an increase of 35 per cent. on first class rates, 25 per cent. on second class rates, and 20 per cent. on commodity rates, including principally, cream, fish and fruit.

The judgment which is concurred in by all the commissioners who sat in the case, was written by Chief Commissioner F. B. Carvell. In addition to the increases mentioned above, it provides that the rate on all spurious liquors in the future is to be increased to first class. The cartage differential at non-cartage points has been eliminated, and as a result express charges will be the same to all points, whether city, town or country.

## To Eliminate Overlapping

Close Co-operation to be Established by Governments on Farming Question.

Ottawa.—Overlapping in the work of the federal and provincial departments of agriculture will be eliminated and closer co-operation established through an agreement reached at a conference of representatives of these departments, according to the report of the Minister of Agriculture for the year ending March 31, 1920.

Production advocacy, it was agreed at the conference, is to be carried on through provincial activities while marketing and experimental work are to be carried on by the federal department, except where arrangements to the contrary are deemed wise.

## Huns Will Be There

Britain Confident That Germans Will Come to London Council.

London.—Invitations to Germany to attend the Allied Supreme conference will be dispatched in a few days, and the British officials do not even consider the possibility of Germany refusing to attend. They declare it would be only worse for Germany if she declines.

The Supreme Council fully expects German protests on the regulations announcement but as a matter of fact, the protests are not as great as anticipated in view of the objections taken by Germany at the time of the peace conference.

Manitoba Takes Butter Championship "Winning"—Manitoba carried off the interprovincial butter-making championship at the creamery butter exhibition, which is one of the features of the annual convention of the Western Dairy Associations and held here at present being held here.

Senate Vacancies.—The death of Senator McSweeney will make the ninth Senate vacancy. The vacancies are now British Columbia, 2; Alberta, 1; Saskatchewan, 2; Ontario, 2; Nova Scotia, 1; and New Brunswick, 1.

Liquor Act Prosecutions.—Calgary.—In his annual report, Chief of Police Ritchie comments upon the numerous infractions of the liquor act during the past year. No less than 330 were prosecuted and fined under this section during 1920.

Take In a Show.—Washington.—President Wilson, accompanied by Mrs. Wilson, recently attended a theatre for the first time since he was taken ill over a year ago.

## Crerar Receives Endorsement

Saskatchewan Grain Growers Give Farmer Leader Enthusiastic Reception.

Moosé Jaw.—The Saskatchewan Grain Growers' Association enthusiastically endorsed the leadership of Hon. T. A. Crerar in federal politics, following his address before the session of the annual convention.

Hon. T. A. Crerar received an ovation as he arose after the chairman, A. Maharg, president of the association, had referred to him as the next Premier of Canada.

Delegates gave him three cheers and a tiger. Commencing his address he thanked the delegates for the reception tendered him. His subject was "The Indian Problem. Outlook" and he began by reference to the development of the farmers' association in politics and paid tribute to pioneers in the movement. The provincial political organization has caused Dominion-wide comment, he said, and the broader field of federal politics the association is faced with many new problems. He referred first to the railway problem, which he said was one of the most important demanding consideration. This problem must be faced courageously, he said, and the field of federal politics the association is faced with many new problems.

Delegates gave him three cheers and a tiger. Commencing his address he thanked the delegates for the reception tendered him. His subject was "The Indian Problem. Outlook" and he began by reference to the development of the farmers' association in politics and paid tribute to pioneers in the movement. ## Only Hope Is In National System Of Grain Marketing

### Stop Dependents' Money

Allowances to Wives and Families of Soldiers in Training Are Discontinued.

Ottawa.—The Soldier Settlement Board has decided to discontinue the payment of subsistence allowance to dependents of returned soldiers taking a course of training to qualify for a loan under the Soldier Settlement Act.

Among applications now being received are very few from totally inexperienced men, so that there does not seem to be the same necessity to continue these allowances.

Beginning March 31 next, training allowances will be granted only to applicants who are recommended prior to that date and who actually commence training under the supervision of the board before May 15 next.

### Alleged Boycott Campaign

G. F. Chipman, of the Grain Growers' Guide, Speaks of Campaign to Chloroform the Press.

Moosé Jaw.—Discussion of a number of resolutions occupied considerable time at Thursday evening's session of the Saskatchewan Grain Growers' convention.

Resolution No. 15 was made the vehicle for an interesting statement from G. F. Chipman, editor of The Grain Growers' Guide. The resolution reads:

"Whereas certain advertisers have withdrawn their advertisements from the Guide and other newspapers, which have supported the New National Policy, and

"Whereas, this is an attempt at autocratic control of the Press of Canada by the advertisers and constitutes a challenge to our fundamental democratic institutions;

"Therefore, be it resolved, that we pledge our support to those papers which support the New National Policy and to the manufacturers who advertise in them."

Mr. Chipman said that many of the manufacturers were not in sympathy with the campaign being now carried on by G. M. Murray to chloroform the Canadian press. "Some of them are telling Murray they do not want anything to do with him or his campaign and one of them told his representative to get out of his office as quickly as possible. The majority of them will not yield to Murray's campaign and are supporting the guide."

Mr. Chipman gave some interesting facts about the boycott campaign which is being conducted by G. M. Murray against those publications, whose editorial policy is unfavorable to high protection. At the close of his address resolution No. 15, "That we pledge our support to those papers which support the New National Policy and to the manufacturers who advertise in them," was passed unanimously.

Wilson Convenes Séance.

Washington.—President Wilson, acting on the recent request of President-elect Harding, has issued a proclamation calling a special session of the Senate to convene March 4. The session will call on cabinet and other appointments by Mr. Harding, and probably will last only a short time.

Essential to the success of the wheat pool he gave as control of the storage facilities, good financial backing and the support of the farmers. As far as the work of organization is concerned, it is going forward as fast as possible.

He stated that any difference of opinion exists and stated that Manitoba, Saskatchewan, Alberta and Ontario are in complete accord.

"A pool at the best can only be partially successful," he concluded, "it is the national system in which you must have a complete union."

Mr. Langley told the convention that only by complete union can the farmers hope for success. At least 60 per cent. of the farmers must join the pool, he added, to make it successful.

Toronto.—Following an impassioned appeal by a returned soldier, the Board of Control decided to ask the police commission to prohibit the showing of a German film in a local theatre.

Germany Told How To Meet Her Obligations

Financial Experts Say That Conditions Are Misrepresented to Escape Payments.

Paris.—Germany is told exactly how to meet her obligations, says the report. Thus, with a continuation of Germany's economic recovery the experts declare, "Germany, in a relatively short period, can meet her obligations through taxation without continuing to increase her floating debt or inflate her currency."

The report says the 1919 and 1920 budgets of Germany carried a number of credits which were only partially disbursed, such as 16,500,000 marks for allied armies of occupation expenses, of which only 4,500,000 marks was spent. The budget for 1920 carried 42,000,000 marks for execution of the peace treaty, while only 17,000,000 marks had been paid out up to December 1 last.

"If the various recommendations made are followed, the budget should be specially balanced," says the report. Thus, with a continuation of Germany's economic recovery the experts declare, "Germany, in a relatively short period, can meet her obligations through taxation without continuing to increase her floating debt or inflate her currency."

The report says the 1919 and 1920 budgets of Germany carried a number of credits which were only partially disbursed, such as 16,500,000 marks for allied armies of occupation expenses, of which only 4,500,000 marks was spent. The budget for 1920 carried 42,000,000 marks for execution of the peace treaty, while only 17,000,000 marks had been paid out up to December 1 last.

Disappearing Lifting Cable Embargo.—London.—The Royal Agricultural Society have refused to attend the National Conference to be held in London, on the question of the embargo on Canadian cattle and deprecate the proposal to withdraw the restriction.

Communes Eggs From China.—Ottawa.—The influx of Chinese eggs into Canada improving a menace to home industry, according to Dr. S. F. Tolmie, minister of agriculture.

Reported Visit by Prince Mary.—Ottawa.—No word has been received here of a reported visit to Canada by Princess Mary next fall.

First Entry in Cross-Atlantic Race.—New York.—The first entry for the Trans-Atlantic yacht race trophy offered by King Albert of Belgium, was received from Professor Walter E. Clayton, of St. Johns College, Annapolis, Md. The Sierra, Clayton entry, the smallest yacht ever entered in a cross-ocean race, has a waterline of 45 feet, a 15 foot beam and draws 8.5 feet of water.

Honorable For Divine Service.—Paris.—The promotion of a Frenchman to office of the Legation Honor will be announced shortly. The promotion will be in recognition of the famous actress' work in encouraging French art abroad.

### How She Heard It

A little girl was asked by her parent on Sunday night last, how she liked the singing at the Anglican Church.

"I liked it very much indeed," she said, "although all the people said it was bad."

"All the people said it was bad? What do you mean, my dear?"

"Oh, it was so bad that I heard the people saying: 'Lord, have mercy upon us miserable sinners!'"

### Card of Thanks

Blairmore, February 7th, 1921

Editor Blairmore Enterprise.

Sir: The members of the Blairmore Band desire, through the columns of your valuable paper, to convey their thanks to the management committee of the Blairmore Hockey Club for their courteous and considerate treatment of the band as a whole on the occasion of the recent trip to Lethbridge.

For the Band,

A. C. DALRYMPLE,

Secretary and Treasurer

### An Invitation

The Junior Mission Band invite all the girls of the Union Church to their birthday party on Saturday at 3 p.m.

The "Birthday Party" is for you. "It's something novel, something new. Please bring as many pennies as you are old."

We promise the number will never be told.

### HELL

Just what is meant by this word "Hell"? They say sometimes, "It's cold as Hell." Sometimes they say, "It's hot as Hell." When it rains hard, "It's Hell," they cry.

It's also "Hell" when it is dry. They "hate like Hell" to see it snow. It's "a Hell of a wind" when it starts to blow.

New "love in Hell" can anyone tell "What in Hell" they mean by this word "Hell"?

This married life is "Hell" they say. When he comes in late there's "Hell to pay."

It's "Hell" when the kid you have to tote.

When he starts to yell it's "a Hell of a note."

It's "Hell" when the doctor sends his bills.

For "a Hell of a lot" of trips and pills. When you get this you will know real well.

Just what is meant by this word "Hell," "Hell, not?" "Hell, not?" "Hell, not?"

"The Hell you don't!"—"The Hell you do!"

And "What in Hell?"—"The Hell it is!"

"The Hell with yours!"—"The Hell with his!"

Now "Who in Hell?"—"Oh, Hell, where?"

And "What the Hell do you think I am?"

But "the Hell of it is" "It's sure as Hell."

We don't know "What in the Hell" is "Hell!"

—James Whitcomb Riley.

### The Tragedy o' It

The latest issue of "Jack Canuck" contains a cartoon entitled "Disaster in Bruce County." It shows a Scotchman carrying a ladder and another Scot afar off calling "For Goodness Sake, hurry, Sandy's droonin' wi' a' the whiskey."

Monkies lake, Sask., is being developed for peon salts, glauber salts, magnesium carbonate, sodium chloride and potassium salts. The evaporating plants will produce from 25 to 30 tons of salts every twenty-four hours.

Crowview Hebrew Lodge No. 66, meets the first and third Thursdays of the month at 8 p.m. Social evenings every alternate Thursday. Officers: Miss K. Archer, N.G.; Mrs. Jessie McVey, V.G.; Mrs. Randall, R.S.; Mrs. Fraser, F.S.; Mrs. Archer, Treasurer.

Visiting members of above branches of the Order cordially invited to attend these meetings.

### MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at the mail room, on Friday, the 12th March, 1921, for proposals for the contract of proposed Contract for four years, terminating on the 31st of March, 1925, for the delivery of mail to the following places: Lethbridge, and railway station, C.P., from the first of July 1921.

Sealed tenders containing further information may be obtained at the Post Office of Lethbridge.

FRED H. SMITH, Post Office Inspector, Post Office Inspector's Office, February 10th, 1921.

At a meeting of citizens held on Saturday night last it was decided to extend a helping hand to the Lethbridge hockey players, who are considered real good sports. It was noticed that the team required sweaters or uniforms and a collection will be taken up in the Crow's Nest Pass with the object of purchasing a complete outfit of same, so as to make the team presentable. It was thought that Montreal would be the best and cheapest market in which to secure them. It was also decided to buy five spare pucks at once, as the one in use by the Lethbridge team could not be expected to last the entire season. The scrapers and shovels now in use on the Blairmore and Coleman rinks will be given to Lethbridge immediately the league season closes; all that is asked is that Lethbridge pay the express charges. A resolution was also passed, thanking the ladies and children of the city of Lethbridge for their services in protecting the Crow's Nest Pass excursionists from being illused by the Dominion, provincial and city police forces, and for their kindness in having on hand ambulances to convey to the hospital visiting ladies who were scared to unconsciousness at the great and terrible battle array.

There are two things that an editor enjoys, faithful correspondents and early news. This paper should be better represented all through the district and we would appreciate correspondence from every corner of it. This paper has large and increasing circulation and it would be advantageous to all to have a goodly quota of weekly happenings of each locality. If you have not the time at your disposal to write, then let us have it over the phone.

Cowley Lodge, I. O. O. F., will hold their annual ball on the night of Friday, February the 25th, in Tustian's hall, Cowley.

The Hebekah's regular fortnightly whist drive and social is being held tonight in the I. O. O. F. hall.

Chief Inspector Gorman, of Edmonton, and public schools inspector Hutchinson, of Macleod, were in The Pass the past week, conducting examinations in zoology.

Two million dollars is to be spent by the Imperial Oil Co., drilling for oil in Alberta during the present year.

Remember the bachelors' ball to be given in the opera house on Tuesday night next.

The initiatory degree will be conferred on one or more candidates at the regular meeting of Bellevue I. O. O. F. lodge on Monday night next.

## NOTICE

L. H. Patnam, barrister, Blaimore, providing suitable terms can be arranged, will purchase from any shareholder the shares of the Blaimore Veterans' Club, Limited.

Playing "Sinn Feiners" ended in a tragedy at Wandsworth for a 9-year-old boy. He was playing with his brother and another boy. One of the boys had his father's rifle and the victim had a toy pistol. During their game the victim went outside and then charged back, said he was a "Sinn Feiner". His brother then pointed the rifle at him and fired, killing him. The boy did not know that the gun was loaded.

A meeting of shareholders and directors of the Blaimore Coal Co. was held on Wednesday afternoon, following an inspection of the company's properties.

Several local sports took in the local hospital at Coleman on Wednesday.

Remember that Satan stayed in heaven until he began to knock his home.

## Of Local and General Interest

If ignorance were bliss, some of us would be mighty happy.

A convention of provincial school trustees was held at Calgary last week.

T. Madder, of Lundbreck, was up here for a whiff of fresh air on Saturday.

Lethbridge won over Pincher Creek in a fair game on soft ice at Lethbridge last night.

Mrs. James Milne is in Lethbridge, where she is undergoing special surgical treatment.

It takes four hundred cars of white paper every year to print the New York telephone directory.

The first real talking machine in which no improvements have ever been made, was made out of a rib.

We believe some people cry hard times because they don't want others to know they are making money.

Lethbridge tried, even by sleeping and taking dope, to forget the fact that they were licked by Macleod.

The Maude Henderson theatrical company will appear at the opera house soon. Watch for further announcement.

Rev. Lee, pastor of the Methodist church at Cranbrook, announces his candidature for police commissioner in that town.

Should Lethbridge fail to gain top place in the league, all the nurse bottles and comforters in the Crows' Nest Pass should be given them.

It is thought that the game scheduled for the local rink tomorrow night between Lethbridge and Coleman will have to be cancelled owing to extremely mild weather.

The Fernie Board of Trade are making a strong campaign to attract tourists this year. Our part of the Pass attracts tourists with out any campaigning.

While feeding her pet dog, Mrs. T. B. Martin of Macleod, was bitten, two teeth penetrating her cheek and one under the jaw which will leave a scar.

Mrs. H. J. Benson is visiting friends and relatives at Fernie. Meanwhile Harry has taken out himself another partner in the person of Mary Valentine Rinaldi.

Kindly renew your subscription in advance. Added to the advanced price of white paper is the 200 per cent. increase in paper. postal rates which went into effect on January 1st.

The splendid weather of the past few weeks has been causing local farmers and fruit growers to get busy. Already the banana trees are blossoming, while the oranges, eggs and other fruits are well on to ripening.

The Calgary Crescents played Coleman juniors in some clean hockey on Saturday night. Although the score resulted in 11 to 1, yet the fans witnessed really clean hockey and the juniors of Coleman were given many opportunities to learn pointers.

The announcement that the ex-cess profit duty is to be withdrawn in Great Britain will no doubt result in renewed agitation for suspension of the business-profits tax in Canada. It is claimed justly that the tax hinders expansion of industries and has an adverse influence on the investment of money in business enterprises. The same applies to the improvements tax recently adopted by the Blairmore council. It has a tendency to curtail investment in improvements at a time when there is great need for residences and other buildings to meet the town's growing demands.

Miss Pearl Moran has returned from an extended holiday spent at Medicine Hat.

The average married man attributes his access to himself and his failures to his wife.

Miss Marquis has assumed her new duties on the teaching staff of the local public school.

It isn't every fellow who can offer his hand and his heart to a girl and still keep his head.

A local woman is so fond of an argument that she won't eat anything she agrees with her.

An ounce of radium carried in a man's pocket would kill him in ten hours by destroying his bones and tissues.

**POK S-LE A A SNAP**—Gold as new Edition Diamond Point Cylinder Phonograph Apply to The Enterprise.

The petition being circulated by the provincial Moderation League, was largely endorsed through the Crows' Nest Pass last week.

The Fernie Midgits played the Coleman Midgits at Coleman last weekend and were defeated by a score of 9 to 1.

**FIREWOOD FOR SALE**—Dry, cut in stove lengths and kindling size. Apply to Tom Vionette, Blairmore.

The Blairmore Midgits defeated the Frank Midgits at hockey tonight. The latter bridge police were out in attendance.

An American Indian in California is the owner of a bee ranch of 900 stands which produced thirty-three tons of honey this season.

Jerry Vrsheid takes unto himself this week end a wife, a recent importation from Czechoslovakia. The wedding will be celebrated at Frank.

To hand over his business to a local trade union, to be run for the benefit of the union for two years, is the public offer made by an English oil merchant.

Lethbridge said "Blairmore MUST play Taber tonight," and then "Lethbridge NEED NOT play Pincher tonight." He who cannot read between these lines is dead.

Lethbridge folks were surprised at seeing Mr. Kelly with a skate on. Believe me, getting a "skate on" in Lethbridge is no less a possibility than getting one on in the terrible Crows' Nest Pass.

Mr. J. H. Davis, electrician, is now in Blairmore. Anyone needing the services of an electrician will please phone No. 8, or leave orders at The Enterprise office, and work will be promptly attended to.

Looks as though the government has some say even in hockey, for it's reported that one or more mummies are being transferred for one or two days at a time to where they can do some bit towards helping poor Lethbridge win a place in hockey fame.

The pessimist, the miser and the chronic croaker are the only three of God's creations who speak after they are dead. It has been discovered that two hours after they have ceased to be a menace to humanity they remark: "That's the damnedest world I've ever lived in!"

A public meeting will be held in the opera house on Sunday at 8 p.m., to be addressed by T. H. Dunn, of Winnipeg, on the subject of "Industrial Reconstruction." Mr. Dunn is an ex-service man and a member of the Winnipeg Street Railwaymen's Union. He was the returned veteran's candidate for Winnipeg in the recent provincial elections in Manitoba, and is a close student of social economics.

One way to save your face is not to stick it into other people's business.

Alex M. Morrison, of Coleman, has been appointed a notary public.

The world may owe every man a living, but it takes a hustler to collect it.

Detective Lawrence, of the A.P.P., is visiting the Crows' Nest Pass, in search of law-breakers.

Guglielmo Marconi, of the Workington's Co-operative Society, was down from Miami this week.

The Nelson orchestra gave a dance at the opera house on Tuesday night that was not very well attended.

Seems a joke to hear of bootleggers and other toughs attaching their names to a petition which starts out with the words, "We humbly pray."

The marriage of Dominico Giacomuzzi to Miss Annie Houde took place at Bellevue on Saturday last. The ceremony was performed by Rev. W. A. Young, of Blairmore.

The local public are requested to avoid damaging the hose and trumpet that have been in use as the risk as they would be very acceptable contributions to Lethbridge for the next season.

If every Ford were a hen and laid an egg every day, and you owned this great flock and sold your eggs at 80 cents a dozen, your income tax for the year 1920 would be just exactly \$116,908, 373.92.

A whiskey still was discovered in the basement of an unused Methodist church at Ranchville, Sask. Churches in general are cautioned against adopting this method of maintaining their spirituality.

Willie was being measured for his first made-to-order suit of clothes.

"Do you want the shoulders padded, my little man?" inquired the tailor.

"Naw," said Willie, "significantly, 'Padd do pants'."

Rumor is current to the effect that the coal properties at Passburg and Burnis are to be taken over by new capital and developed. The properties were recently given over by representatives of the new company, who expressed themselves as optimistic towards future development. The mines at Passburg and Burnis have been idle for some years.

Just think of it, China, the most densely populated nation in all the world, has no policemen, except in cities controlled by foreigners; while in Canada, supposed to be civilized, there is a city less than 110 miles from Blairmore, where kids dare not play marbles or coach cats without police protection.

Blairmore went down to defeat at Macleod last night, because of being considerably out of trim. Rhynas was on the sick list and Turner was not yet in a position to play, suffering from the effects of a dislocated ankle. The team comprised, Artur Ennis, goal; Charlie Graham and Alf Barbour, defense; Elwin, Veijra, McLeod, Goddard; and Brown as sub.

Lethbridge will settle a dispute with Coleman on the Blairmore rink this Friday night. It is expected that a few of the Pussey Foots of the Prairie city will accompany their team—if they do they will be accomplishing the unusual in the way of effort. Women and children are urged to be moderate in their claims and to forget such slang as "Sneeties," etc.
